Brainteasers

Questions

1. Yesterday is three days before the day that is three days before Sunday. What is today?

2. A man who was not wearing a parachute jumped out of a plane. He landed on the hard ground, and then walked away without a scratch. How can this be?

3. What is the number that, when added to itself, will result in an answer that is the same as if it were to be multiplied by itself (there is only one number for which this can be true and it's not zero).

4. If it were 3 hours later than it is now, it would be twice as long until midnight as it would be if it were four hours later. What time is it now?

Answers

1.   Today is Tuesday.

2.   The plane was parked on the runway.

3.   The number is 2.

4.   It is 7:00 pm.
