

Brain teasers

Questions

1. Name the one sport in which neither the spectators nor the participants know the score or who is winning until the contest ends.
2. What famous North American landmark is constantly moving backward?
3. Of all the vegetables, only two can produce for more than one growing season. All other vegetables must be replanted every year. What are the only two perennial vegetables?
4. What fruit has its seeds on the outside?
5. How far can you walk into the woods?
6. In many liquor stores, you can buy pear brandy, with a real pear inside the bottle. The pear is whole and ripe, and the bottle is genuine; it hasn't been cut in any way. How did the pear get inside the bottle?

Answers

1. Boxing

2. Niagara Falls - The rim is worn down about two and a half feet each year because of the millions of gallons of water that rush over it every minute.

3. Asparagus and rhubarb (sometimes kale and chard can also last for more than one season in mild climates).

4. Strawberry

5. Only half way. When you reach the middle you are walking out of the woods.

6. It grew inside the bottle. The bottles are placed over pear buds when they are small, and are wired in place on the tree. The bottle is left in place for the entire growing season. When the pears are ripe, they are snipped off at the stems.
