

# Molecular Grade Water

Water quality is important for molecular biology applications! CulGenex™ molecular grade water is highly purified, sterile, and endotoxin, nuclease, and protease free. CulGenex™ also offers DEPC treated water for further assurance of an RNase free solution. Both grades of water are available in a variety of sizes to suit your needs.

## DEPC Treated, Ultra Pure

125ml PC bottle, 100ml fill, 6/pk ..... 89407-022
